

## House Competition Autumn Term 1

This week we have introduced to the children our new school houses-Ranworth, Salhouse, Wroxham and Hickling. Each child has been allocated a house, with all siblings in the same house.

To kick off this exciting new initiative we have set a competition to design a shield for each house.

A template of the shield is available at the school for any child who wishes to participate. Your child can use one of the templates or draw the template above on a piece of paper.

The deadline for handing in the shields is **Friday 13th October**. All children who enter the competition will receive a house token for their house.

Please ensure their name and house is on their design.
