Sketch an animal or plant you can see in your garden, at the park or at the beach Add three facts or observations to your drawing.	Grow an edible plant. For an extra challenge use something from the kitchen like the seeds from inside a tomato or an old sprouting potato. Measure its growth, and for 3 EXTRA dojo's create a graph to accompany it.	Create a Powerpoint or slides about an unusual habitat and the creatures that live there. Post your finished work on Dojo.	Go to Thorpe Marshes or another nature area and look at all the habitats you can see. What creatures live there and what evidence can you find of food chains? Discuss with your adult.	Draw a perimeter person and calculate the perimeter all the way round. 
Draw a map of your garden or local nature area and record where you found different creatures or plants.	Learn about Chile by watching these three videos: https://www.youtube.com/watch?v=2G-evvB_i7U https://www.youtube.com/watch?v=nHLRRo-zQUI	Create a food chain for the plants and animals in your garden, at the park or at the beach	Practise your throwing and catching skills for fielding in rounders.. Challenge - How many catches can you do without dropping the ball? Can you improve your total?	Inverted Commas - https://www.bbc.co.uk/bitesize/articles/ztcp97h#ztfk239 use bbc bitesize to practise this important skill.
