

## Eco Rangers Meeting

Monday 14th October 2024

- Assembly
- Ideas for the year

### Assembly

- Eco Rangers will introduce the Reduce Single Use campaign in an assembly next week (Tuesday 22nd Oct)
- We are working towards achieving a Norfolk County Council Reduce Single Use Award

### Ideas for the year

- Eco Rangers will be supporting children in their year group to be part of Green Team on their allotted days.
- All Eco Rangers agreed that The Green Team should be available to Year 1 up so Year 1 and Year 2 will now share a day.
- Children wanted a method to easily collect the plastic pots given out at snack time - they are going to consider the best way to do this
- Eco Rangers wanted to raise some money to buy plants to put in the playground. They are going to think how they would like to do this for the next meeting.
